PhotoEntry Overview

To submit images into club competitions or exhibitions we use a service called PhotoEntry. This is a web based service with the url: <https://compent.photoentry.uk/compent/>

In order to use the service you will require a login. If you are new to the club or you have forgotten your userid you can email the Internal Competition Secretary wimborneccintcompsec@gmail.com who will send details to you. If for any reason you don't get a response in a couple of days, then contact the membership secretary.

Your userid will be in the format wcc-[First name][Member number] eg. wcc-bert99

When your account is created an email will be sent from PhotoEntry to enable you to complete the registration process and set a password. Please keep note of the password but should you forget the password see the "PhotoEntry Forgotten Password" document on WCC Website.

Before submitting any images ensure they conform to the club rules failure to do so may mean PhotoEntry blocks the upload or you are disqualified from the competition.

If images need resizing there are details on the website on how to do this for common photo editing tools.
